MS-RT FORD RANGER

MS-RT FORD RANGER

Harness the power of the Ford Ranger with a style that gives you the edge.

Command the roads and scale the hills with this unique fusion of Ford's powerful pick-up and the bespoke sporting heritage of MS-RT.

Gets the job done. Gives you the edge.

RAW POWER

Tough jobs aren't a problem with Ford's 3.2L TDCi Duratorq diesel engine.

With 200PS and 470 Nm of torque at your fingers – and 90% of this impressive pulling power available from 1,500 to 2,750 rpm – you're guaranteed performance when you need it.

OFF ROAD

Need to go off road? Ford's four-wheel drive system is optimised by a comprehensive ESC system. And with the Michelin all-terrain tyres and our optional Off-Road Pack, you'll have incredible control you can trust – whatever the weather throws at you.

VIEW FROM THE STREET

Channel the passion and spirit of rally course spirit everywhere you go.

MS-RT's state-of-the-art exterior customisations include:

- MS-RT front bumper and grill, with Laser LED full-beam assist lights and daytime running lights
- Bespoke duel-exit MS-RT Sports Exhaust System

Planning an adventure? Choose the optional Off-Road Pack:

- The Laser LED roof-mounted light bar will help you see across every terrain
- Pedders full suspension- lift kit gives you even more travel

To top it off, 18" Graphite Alloys with Michelin all-terrain tyres come as standard, ensuring maximum grip isn't a problem. And a tow bar provides the flexibility to carry more of what you need.

SUPREME COMFORT

This machine doesn't compromise on comfort. Enjoy a MS-RT bespoke interior, expertly designed and crafted in-house by our team of experts.

Features include the luxury of a MS-RT sports steering wheel and a full nappa leather interior, including seats, protective handbrake and gear gaitors, luxury door cards and centre arm rest.

Harness state-of-the-art technology and take the strain out of driving with the 8' TFT touch screen with satellite navigation*, rear-view camera* and front-parking sensors.*

Power personal devices like a TV, power tools or cooking equipment from the 230 volt interior invertor*. And Cold days aren't a chore with the heated seats (Both driver and front passenger seats) and air conditioning.

*Please note that these are Ford factory options and may not be specified on every vehicle
