360°

Empower your life.

No compromise.

We're not one for compromise and neither are you. So when you need a car that can carry up to seven people in space and comfort, yet still be a great-looking driving machine, there's only one choice to make. The Ford S-MAX has room for everything, except compromise. So get out there and enjoy life to the fullest.

Connects with your voice, responds to your touch.

SYNC

The new Ford **SYNC 3 with Voice Control and 8" Touchscreen** enhances the sophisticated driving experience of your S-MAX *. The system lets you control everything from interior climate to satellite navigation. SYNC 3 will even manage phone calls and text messaging – all through remarkably simple voice commands. The intuitive 8" colour touchscreen display is able to integrate with your smartphone applications using AppleLink, Apple CarPlay and Android Auto – allowing you to configure your home screen just the way you want it. While Emergency Assistance† will help occupants place an emergency call to provide the emergency services with vehicle location in their own language.

* SYNC 3 is standard across the range. †Satellite navigation is standard on Titanium, Titanium Sport & Vignale. Optional on Zetec.

**Live Traffic is free for 2 years, and only available through SYNC 3 with navigation.

†Ford Emergency Assistance operates in over 40 European countries. This feature works when paired with a compatible connected mobile phone that is with you and switched on when an airbag is deployed or a sensor that registers a crash deactivates the fuel pump. SYNC AppleLink and Emergency Assistance are not supported by all European languages. See your local Ford website for latest information. Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available, please check official Apple CarPlay and Android Auto websites for the latest information. Some touchscreen functions should not be used by the driver, whilst driving.

Experience life in high definition.

Enjoy the beauty of the outdoors from the comfort of your Ford S-MAX. A full-length glass panorama roof lets the sun shine in, while a Solar Reflect coating and powered sunblind provide shade and privacy when required. (Available as an option across all series)

Intelligent All-Wheel Drive.

Ford S-MAX's **Intelligent All-Wheel Drive** system continually monitors where power is needed, and automatically applies the required torque to each individual wheel for added confidence, whatever the road conditions.

A special display on the cluster panel shows the power distribution between all four wheels. (Standard on AWD models)

Drive on high beam without the dazzle.

Glare-free high beam lets you drive on high beam without dazzling other road users. Sensors identify traffic ahead of your car and adjust the high beam pattern to protect other road users from glare, while illuminating the remainder of the road for greater visibility. (Available with the optional LED Adaptive headlights on Titanium & Titanium Sport, standard on Vignale).

1. Preceding traffic

The front camera detects the light source from vehicles travelling ahead and automatically fades out individual portions of the high beam light to avoid dazzling other drivers.

2. Oncoming traffic

High beam remains active in all areas of the road around the identified vehicle, helping to illuminate objects such as parked cars or pedestrians that may normally be hidden.

High performance, low fuel consumption.

Impressive diesel line-up

All Ford S-MAX diesel models impress with their refined power, responsiveness and fuel economy. The acclaimed engine line-up, starts with the competitive 120 PS, and ranges up to the high-power 210 PS Duratorq TDCi unit, which employs our **bi-turbo technology** for an even more spirited performance.

Reacts before
you know it.

Using radar and a camera, **Pre-Collision Assist** keeps a watchful eye on the road ahead for cars and pedestrians. The system is designed to read the road conditions and can alert you to a potential collision. If you don't respond to the system's warning signals, the car will automatically apply the brakes to help avoid or reduce the effect of any impact (Available as part of the Active City Stop option).

Makes parking a breeze.

Simply push the **Active Park Assist** button and the sensors of this innovative system locate a suitable space as you drive past. Then it automatically steers you in, while all you do is operate the accelerator, gears and brake (following on-screen instructions and audible signals). Available on all series as part of the Active Park Assist option.

Perpendicular parking (included as part of the Active Park Assist option)

Parallel parking (included as part of the Active Park Assist option)

A new expression of Ford.

Ford Vignale gives you a unique ownership experience. It appreciates the value of your time with a range of services and benefits to help you make the most of this precious commodity. The vehicles themselves shine with craftsmanship and attention to detail. Check our Vignale brochure for more information. (Model shown: S-MAX Vignale in White Platinum with optional Panoramic roof).

Refinement redefined.

The Ford S-MAX Vignale radiates with refinement, combining the finest traditions of craftsmanship and a host of forward-thinking technologies. Exclusively sourced Ford Vignale leather offers a natural, glove-soft touch for an extra-sumptuous feel across the fascia, door inserts, and elegantly quilted seats.

Choose the right
S-MAX for you.

Zetec

Titanium

Titanium Sport

Vignale

S-MAX Zetec

Exterior features

- 17" Multi-spoke alloy wheels
- Front and rear parking sensors
- Front Fog lights
- Halogen daytime running lights
- Electrically-operated, folding and heated door mirrors with body colour housings, side indicators and puddle lights
- Remote control central locking
- Locking wheel nuts
- Thatcham Category 1 alarm with volume-sensing perimeter alarm

Interior features

- Ford DAB Radio/CD with single CD, AM/FM tuner with Ford SYNC 3, 8" TFT LCD touchscreen, USB port and 8 speakers
- Dual-zone Electronic Automatic Temperature Control air conditioning
- Sports-style front seats with four-way manual adjustment, adjustable lumbar support and underseat stowage
- Leather-trimmed steering wheel
- Leather-trimmed gearshift knob
- Ford Power Starter button
- Power-operated front and rear windows with global opening/closing and one-shot up/down
- Overhead console with sunglasses stowage and child watch mirror
- Gearshift Indicator light
- Front carpet floor mats
- Second-row reading lights
- Driver's and front passenger's* front and side airbags
- Driver's knee bolster airbag
- First- and second-row side curtain airbags
- Load compartment tonneau cover
- 'Quickclear' heated front windscreen
- Third-row rear seats with manual fold flat, slide and recline.

Engine choices

Petrol:
1.5 EcoBoost 160 PS
Diesel:
2.0 Duratorq TDCi 120 PS
2.0 Duratorq TDCi 150 PS

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats.

S-MAX Titanium

Exterior features additional to Zetec

- 17" 5x2-spoke alloy wheels
- LED daytime running lights
- Ford Keyfree system
- Lower front grille with chrome surround
- Chrome side window surround

 - 2.0 Duratorq TDCi 210 PS

Unique Ford Vignale exterior badging
(Standard)

19" Polished Alloy Wheels
(Standard)

More of what you deserve.

Front Wide-View Camera

Provides an extensive view from the very front of your car to the left- and right-hand sides. Particularly useful at junctions and when driving forwards out of parking spaces where your lateral view is impaired.

(Only available with the optional Sony DAB Navigation system)

Hands-free liftgate

Opening or closing S-MAX's tailgate is easy, even when your hands are full. With the keys in your pocket or bag, simply use a gentle kicking motion under the centre of the rear bumper and the tailgate will operate without you having to touch a thing.

(Available as an option across the range)

Adaptive Lighting with Ford Dynamic LED headlights

Detects different road conditions and selects the appropriate beam pattern. While the **dynamic curve light** throws the beam inside the curve to let you see further and sooner. The headlights also incorporate **daytime running lights** with three LED strips that also function as turn indicators, flashing sequentially towards the direction of turn. (Standard on Vignale, available as an individual option, or as part of a pack on Titanium & Titanium Sport).

Adaptive Steering

Adaptive Steering enables effortless driving at all times, in all conditions – even when parking.

At lower speeds, such as manoeuvring in a car park, reduced wheel turning is required. At higher speeds, it automatically moves to a more conventional steering ratio to provide comfortable, reassuring feedback. Available as an option on Titanium, Titanium Sport and Vignale (not on 1.5 EcoBoost models).

We chose Metalicious. What will you choose?

Ford S-MAX owes its beautiful and durable exterior to a special multi-stage painting process. From the wax-injected steel body sections to the protective top coat, new materials and application processes ensure your S-MAX will retain its good looks for many years to come.

Metalicious

Exclusive body colour*

Made to measure.

You and your family will travel in style and luxury inside the Ford S-MAX. Sound absorption materials create a hushed interior, a place of harmony and control, complemented by a range of high-quality leather and fabric seat trims.

- 1. Manhattan in Ebony for Zetec
- 2. Axis in Ebony for Titanium and Titanium Sport
- 3. Salerno leather in Ebony for Titanium and Titanium Sport (only available with optional Titanium X pack)
- 4. Salerno micro perforated leather in Ebony (only available with optional multi-contour seats)
- 5. Premium leather in Cashmere for Vignale
- 6. Premium leather in Ebony for Vignale

Enjoy easier entry and exit with seat and steering memory. The **memory function** recalls your most comfortable driving position for the **10-way power-operated driver's seat** (standard on Vignale, option on Titanium and Titanium Sport as part of the Titanium X Pack) and **powered steering column** (option on Vignale). The steering column even moves automatically out of your way, for extra room when getting in and out.

Less drag, less fuel

Active Grille Shutter
To reduce wind resistance, the Active Grille Shutter automatically opens and closes to control the amount of cooling air entering the engine compartment. The result? Faster engine warm-up times and a reduction in aerodynamic drag for better fuel economy.

Roof racks

Sturdy and lockable roof racks allow you to transport loads safely and easily. Base carriers are available, as well as cross bars for vehicles fitted with roof rails. They form the basis for various available roof attachments. (Accessory)

Thule®* roof attachments

A range of roof attachments is available, including roof boxes, bike carriers and roof ski/snowboard carriers.

Tow bars

Ford’s power-operated retractable tow bar automatically stows itself out of sight below the rear bumper when not in use, retaining the car’s sleek looks. (Accessory)

Also available as a detachable tow bar (option and accessory) and a fixed tow bar (accessory). While towing, the standard Electronic Stability Control (ESC) ensures that trailer sway is counteracted.

Uebler* rear bike carrier

High-quality tow bar-mounted bike carrier. Features practical tilting mechanism for easy access to the load compartment. (Accessory)

Load floor net

Elasticated net attaches to tie-down hooks in the load compartment. Helps to secure smaller items. (Accessory)

Load retention systems*

Robust retention systems meeting European ECE-R17/ ISO27955 safety requirements keep items of luggage safely in the load compartment. A net can be ordered for fitment behind the second row of seats, while a guard is available for fitment behind either first or second row. (Option and accessory) (Not available in conjunction with Tri-zone Electronic Automatic Temperature Control or panorama roof)

Load compartment protection

A reversible and foldable load compartment mat offers the choice of carpet with the Ford S-MAX logo or durable rubber surface ideal for carrying wet or dirty items, and can be extended over rear seats and offers fold-out bumper protection (option and accessory). A durable tray, designed to keep the load compartment clean and tidy is also available, ideal for transporting wet or dirty items. (Accessory)

Rubber floor mats

Rubber floor mats are tailor-made to fit perfectly and protect against dirt and damp. Securely fixed directly onto the vehicle’s floor, the rubberised mats cannot slip and interfere with the pedals. (Accessory)

Mud flaps

Contoured mud flaps help to keep your Ford S-MAX clean by reducing road spray and stone chips. Available as sets for front and rear. (Option and Accessory)

*Meets European ECE-R17.08/ISO 27955 safety requirements.
*Item covered by third party supplier’s warranty, please see back cover for details.

Active Front Steering

Ford S-MAX's optional Active Front Steering increases or decreases the steering lock in relation to the car's speed. This makes S-MAX even more agile at lower speeds – perfect for parking or manoeuvring (available as an option on Titanium, Titanium Sport and Vignale)

At higher speeds, the reduced turning provides a more relaxed and enjoyable driving experience.

Arrive refreshed and invigorated

Multi-contour front seats

Built into the front seats are 11 pneumatic cushions, arranged to provide extra support, comfort and, when required, give you a massage. Operated via the 8" colour touchscreen, they can massage your upper back, lower back, bottom and thighs to help prevent muscle fatigue on long journeys. Both front seats are covered in perforated leather and include a cooling and heating function and 8-way power adjustment. (Available as an option in combination with the Sony DAB Navigation system on Titanium Sport and Vignale.)

Heated steering wheel

Warms up at the touch of a button to add another layer of comfort between you and the cold outside. (Standard on Vignale, available as an option Titanium and Titanium Sport)

Connect with your world

A choice of superb audio, navigation and entertainment systems with built-in connectivity for your gadgets, lets you fill your Ford S-MAX with your favourite music and connect to the outside world.

Remote audio controls
Keep your hands on the wheel and your MP3 on the right track.
(Remote audio controls and MP3 connection are standard)

SYNC 3 with all new HMI
The improved SYNC 3 8" Touchscreen is more responsive and supports multi-touch gestures such as 'swipe' and 'pinch-to-zoom'. And the new 3D map view with intuitive one-box search tool makes navigation easier with SYNC 3.

(This feature should not be used by the driver, whilst driving).

SYNC 3 with Voice Control and 8" Touchscreen
All new SYNC 3 system supports enhanced voice control capability, while Bluetooth® and USB connectivity, along with Applink, Apple CarPlay and Android Auto, all allow you to integrate the SYNC 3 system with your smartphone. This means you can control music, manage your calls, text messaging, and phone Apps, satellite navigation and climate control – all with the simplest of voice commands.

Customise your home screen settings
Customise the SYNC 3 home screen by arranging application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, as well as tailor presets for multiple users.

*Ford Emergency Assistance operates in over 40 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbags) or a sensor that registers a crash deactivates the fuel pump. Text function and Emergency Assistance not supported by all European languages. Compatible mobile phone required. Please visit www.ford.co.uk for latest information.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company Limited and its associated companies is under licence. Other trademarks and trade names are those of their respective owners.

Smart technology

The all-new Ford S-MAX comes with an impressive list of technologies designed to make life easier for you and those around you.

1. **Front Wide-View Camera**

Provides a 180-degree view from the very front of your car to the left- and right-hand sides. Particularly useful at junctions and when driving forwards out of parking spaces where your lateral view is impaired. (Option)

2. **Traffic Sign Recognition[®]**

Designed to automatically read standard format road-speed signs and display the posted speed limit in the instrument cluster. (Optional on Zetec)

3. **Blind Spot Information System with Cross Traffic Alert^{2†}**

As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a warning light built into the driver's and passenger's door mirrors. (Option).

4. **Active Park Assist[®]**

Ultrasonic sensors confirm whether the gap is large enough to park in and the steering is then automatically controlled while you operate the pedals. (Option)

5. **Pre-Collision Assist[®]**

Uses the forward-facing camera and radar to identify potential front collisions. Provides an audible and visual warning, pre-charges the braking system and can automatically apply the brakes if your fail to react. (Option)

6. **Lane Keeping Alert and Lane Keeping Aid^{®††}**

Designed to recognise when you approach lane markings without using the indicator, and alerts you with vibrations through the steering wheel. If the system detects that an unintentional lane change is likely to occur, it is designed to apply a steering torque back towards the lane you were in. (Optional on Zetec)

7. **Intelligent Speed Limiter[®]**

When activated, the system automatically restricts the vehicle speed to the speed limit detected by the Traffic Sign Recognition system. The driver can also select a top speed tolerance in addition to the detected speed limit. (Option)

8. **Ford MyKey[®]**

Lets you tailor and limit car settings – like top speed and audio volume – to suit individual users. This can help prevent the car being used in a manner that could detract from good and safe driving. (Standard)

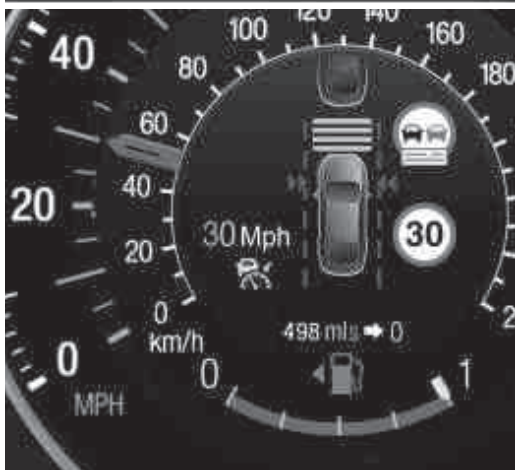

9. **Rear-view camera**

Select reverse gear and the rear-view camera comes on automatically, allowing you to see objects behind your car. Special guidance graphics indicate the width and centre line of the car to help you manoeuvre more easily and safely. (Standard on Vignale)

[®]Uses sensors.

[†]Designed to operate at speeds above 6 mph.

^{††}Operates at speeds over 65 km/h on multi-lane roads with clearly visible lane markings.

Intelligent Protection System (IPS)^{o1)}

Ford S-MAX’s advanced Intelligent Protection System (IPS)¹⁾ uses a range of sophisticated technologies that are designed to help keep you protected, including an ultra-high strength steel safety cage¹⁾, Electronic Stability Control (ESC) and front and curtain airbags¹⁾.

The Ford S-MAX’s IPS¹⁾ includes:

1. Driver’s and front passenger’s airbags^{o*1)}
2. Driver’s, front passenger’s side impact airbags¹⁾
3. Driver’s inflatable knee airbag¹⁾
4. Side curtain airbags for front and rear seats¹⁾

2.0 Duratorq TDCi 210 PS (154 kW) PowerShift 6-speed auto FWD	Stage VI + DPF			27E	30E

E = Exceeds security requirement. Insurance ratings are issued by the Association of British Insurers and are shown above on the 1-50 rating scales. Auto-Start-Stop is a standard feature across all series.

Helps you find a space.
And get in. And get out again.

Active Park Assist

Can help you either parallel park or park perpendicular to the road. Once activated, the enhanced system can help locate a suitable space as you drive past. It automatically steers you in, while you operate the pedals (following on-screen and audible signals).

Park-Out Assist

Designed to help you get out of a parallel parking space in the same way.

Improved response

High power bi-turbo diesel engine

Efficient, refined and powerful, the high-power 210 PS (154 kW) Duratorq TDCi diesel engine delivers significantly higher outputs and lower fuel consumption than a single turbo diesel. The electronically-controlled bi-turbo design helps ensure optimum efficiency, with both smooth and strong acceleration across the speed range and excellent performance feel. All our engines – petrol and diesel – are equipped with Auto-Start-Stop that automatically cuts off the engine when the car comes to a stop, further reducing exhaust emissions and fuel consumption.

Fuel and performance

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Euro Stage	Transmission	Drive	Maximum Power PS (kW)	Torque Nm	CO ₂ emissions (g/km)**	Fuel consumption in mpg (L/100 km)**			Performance*		
							Urban	Extra Urban	Combined	Max. speed (mph)	0-62 mph (secs)	31-62 mph* (secs)

*In 4th gear. *Ford test figures. **The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk>. **M6** = 6-speed manual, **MPS6** = PowerShift 6-speed Automatic, **A6** = 6-speed Automatic, **AWD** = Intelligent All-Wheel Drive. Auto-Start-Stop is a standard feature across all series.

Ford EcoBoost. International Engine of the Year 2016

Ford EcoBoost engines

The diamond-like coating on the piston rings reduces friction; the turbocharger, direct injection and variable valve timing boost efficiency. The result is remarkable performance from such an economical petrol engine. For example, the new 1.5 EcoBoost engine develops 160 PS (118 kW), yet achieves a combined fuel consumption of 43.5mpg* with CO₂ emissions of only 149 g/km*.

*Ford test figures (manual transmission).

Weights and loads

	Euro Stage	Kerbweight (kg)*	Gross Vehicle Mass (kg)	Gross Train Mass (kg)	Max. Towable Mass (braked) (12%**) (kg)	Max. Towable Mass (unbraked) (kg)

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **†**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
