REASONS TO BUY GENUINE JCB

- Highest quality extreme pressure (EP) performance additives included to resist bearing wear, oxidation, corrosion and high temperatures
- Highest quality base oils for excellent stability and resistance to high temperature and stress
- Tenacious lubricant film which resists water washout
- High load solids for extreme pressure (EP) performance, for maximum protection in all anti-friction and plain bearing applications subjected to high load and high temperature conditions
- High load solids for extreme pressure (EP) performance for maximum protection in extreme load applications, like linkages
