MS-RT TRANSIT CUSTOM

Combining the character of the rally car with the versatility you expect from a Transit.
Discover the latest Ford Transit Custom combined with MS-RT's most stand out conversion to date.

STAND OUT ON THE ROAD

MS-RT's state of the art custom conversion includes a full front bumper and grill replacement with integrated fog lamps, extreme front diffuser, wide body arch extensions, side skirts, rear diffuser and rear spoiler all manufactured in the UK. The British made twin sports exhaust system and MS-RT exterior branding accentuate the design of the vehicle.

MAKES LIGHT WORK OF HEAVY LOADS

The 18" anthracite OZ Racing alloys produced exclusively for this vehicle, with 103 XL Load rated Hankook Ventus S1 evo2 tyres improve handling and responsiveness, whilst maintaining payload capacity.

GO FURTHER FOR LESS

The MS-RT Transit Custom makes sound business sense. All are powered by the 170PS Ford EcoBlue 2.0 litre TDCi engine. Giving 405 Nm of torque making it the professional choice for towing and shifting heavy loads; while the outstanding fuel efficiency saves you pounds.

Choose between 2.0 TDCI 170 PS 6-speed manual or 6-speed automatic.
